

FCC,I respectfully wish to share my thoughts concerning the NAB petition. I enjoy my satellite radio in my vehicle, at work and home. It provides variety and quality not available elsewhere. XM Satellite Radio and its traffic and weather channels are very helpful to me when traveling to other cities. I do not feel it should be up to the National Association of Broadcasters to dictate what I am permitted to hear. I urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I enjoy and deserve.

Sincerely,
Robin Kelly
